**Subject:** State Transportation Improvement Program

I support the Juneau Access project and believe the state should keep pursuing the extension to Skagway. It is the most important project in this amendment and I support its funding. No other project in the state will save as much money for the state and for users. In addition, I would like to see the funding for the Lynn Canal Highway brought forward so that it is completed within five years as the state and travelers do not start saving money until the project is complete.

Thank you in advance for considering my comments.
